Rich transmission of practical experience: Our organization has accumulated a vast pool of professional knowledge combined with practical experience. We integrate that experience by inviting professional social workers from our organization to conduct themed lectures, group workshops, and skills demonstrations, providing students with valuable knowledge and practical work skills.

Emphasis on students' professional development: We are committed to providing a conducive learning environment, including a library, language centre, and downloadable electronic resources, such as books and journal articles of an international standard. Our aim is to enhance the quality of professional social work education. Teachers also actively care about students' difficulties in the learning process, providing individual consultations and emotional support to ensure students successfully complete the programme.

3

重視實習教育：課程遵照社會工作者註冊局的原則、準則及標準規定，學生須於實習前完成100小時準備工作坊和參與義務工作，並完成兩次總計720小時實習。課程會定時為學生提供個別和小組督導，亦會協調學生、督導老師和實習單位人員的溝通，協助學生順利完成實習，獲取豐富的前線工作經驗，為日後正式投入職場作好準備。除了本會屬下單位提供的實習，亦有其他具規模的社會福利服務機構給予本校學生實習機會。

Emphasis on fieldwork education: We follow the principles, criteria, and standards set by the Social Workers Registration Board. Students are required to complete 100 hours of preparatory workshops, including voluntary work before their placement, and a total of 720 hours of fieldwork through two placements. The programme regularly provides individual and group supervision and facilitates communication between students, supervising teachers, and staff from fieldwork agencies to ensure a smooth and valuable experience in social work practice. This will enhance the preparation of students for future professional engagement. In addition to our organization, other well-established social welfare service agencies also provide numerous placement opportunities for our students.
